

LISTENING GAP FILL: COMPUTERS.

It's hard to believe 1. **that no one** had computers a few years ago. I wonder how people lived. There must have been 2. **a lot of** paperwork. I can't imagine writing everything by hand. I 3. **also wonder how** everything worked without computers. We need computers today for everything. Hospitals, airports, the police... nothing can work without computers. I'm 4. **sure i'd be** ten times busier than now if I didn't have a computer. Imagine 5. **having to** find 6. **a piece of** paper and an envelope and then walking down the street 7. **to mail a** letter! I love my computer. It makes everything 8. **in my life so** convenient. Sure, it freezes and crashes sometimes. Sure 9. **i lose some** data. But that's not often. Most 10. **of the time** my computer is like my best friend.
